The Frederick County positivity rate decreased this week to 14.3 percent. We continue in the threshold for twice a week COVID-19 testing. Orchard Woods conducted this week's testing on November 30 and December 3 for all residents and team members. We are excited to say we all tests have returned as negative for COVID-19.

The chart below provides more detailed information on the impact of COVID-19 in Orchard Woods and across campus.

Holiday cheer filled Orchard Woods this week as we began decorating the neighborhoods for Christmas. The Assisted Living Memory Care Neighborhood has positioned their tree in a cozy space where residents can sit and look at the tree while listening to Christmas music. Brain games this week had a Christmas theme, and a variety of Christmas movies played throughout the day.

Gretchen Webster, ConnectedLiving coordinator, and the residents have been practicing the "Left, Right Holiday Story Game" and will play it with Care Team members. The story is "Over the Hill to Grandma's House We Go," and Gretchen will be using the game to give out small gift bags to team members and residents.

MEMORANDUM

Orchard Woods Health Center / Path Forward Update / December 4, 2020

Molly Edmonson, ConnectedLiving coordinator, began decorating the Skilled Rehabilitation and Long Term Care Neighborhoods this week with the residents. A Christmas tree is decorated in the Long Term Care living room, and stockings are hung by the fireplace. Christmas music and the smell of fresh baked cookies filled the air.

We continue making great strides in our Path Forward. We remain grateful for the support that families have shared with our team members. Thank you for your continued encouragement!
