Subject: Orchard Woods Path Forward Update

**THE VILLAGE AT  
ORCHARD RIDGE**

A National Lutheran Community

On March 8, an inspector from the Virginia Department of Health Office of Licensure and Certification arrived at Orchard Woods Health Center to conduct a Life Safety Inspection. In the past, this part of the survey was conducted by the State Fire Marshal's Office. This is no longer the case. Life safety surveys now follow within 14 days of the clinical exit. Life safety continues to remain a high priority, and we did not receive any deficiencies as a result of this survey.

Discovering ways to give back to the community is a longstanding tradition at Orchard Woods Health Center, and in current times of crisis, that is no different. Our ConnectedLiving team is working in collaboration with residents to celebrate Girl Scout month. Residents have been assisting in putting bags together for local Girl Scouts consisting of bracelets and candy.

The positivity rate for Frederick County decreased to 4.9 percent this week. Orchard Woods conducted this week's testing on March 8 and 11 for all team members.

Our team has finalized plans for scheduled indoor visitation. We will be able to implement scheduled indoor visitation next week. Please coordinate with our ConnectedLiving team members Gretchen and Molly to schedule these visits. As a reminder, please adhere to the following during your visit:

- Complete screening prior to entry
- Wear a 3-ply face mask covering your mouth and nose
- Social distancing at least six feet between persons
- Please do not visit if you are not feeling well
