Subject: Orchard Woods Path Forward Update

**THE VILLAGE AT
ORCHARD RIDGE**

A National Lutheran Community

Life has so much to offer when we place our minds in the right perspective. When we reflect on what we have overcome as a community, we will find that we have been transformed in various unexpected ways. This past year has taught us that the future belongs to those who maintain optimism through life's most challenging times.

For the first time in a year, our Assisted Living Memory Care and Long Term Care neighborhoods joined together this week for a Mother's Day Tea. Mother's Day isn't just a day for celebrating your own mother, but a day to honor all the women in your life who support and nurture you. It is empowering to be surrounded by so many strong women here in our community and hear stories of how they have made an impact in various aspects throughout their lives. We look forward to celebrating many more opportunities such as this.

The positivity rate for Frederick County increased to 6.1 percent this week. Orchard Woods conducted this week's testing on May 3. We continue to closely monitor these trends and implement appropriate infection control measures accordingly.

The chart below provides more detailed information on the impact of COVID-19 in Orchard Woods and across campus.

	Skilled Rehab	Long-term Care	Memory Care
Resident active cases of COVID-19	0	0	0
Resident on-set symptoms pending COVID-19 test results	0	0	0
Active Independent Living COVID-19 resident cases	0		
Team member active cases of COVID-19 (across all services lines)	0		
Team member on-set symptoms pending COVID-19 test results quarantine required (across all services lines)	0		

As we continue our Path Forward, together we can embrace the new opportunities this year may bring. Thank you for your continued faith and support in our efforts.
