Subject: Orchard Woods Path Forward Update

**THE VILLAGE AT
ORCHARD RIDGE**

A National Lutheran Community

With sadness, I relay that Hilda Escobar, assisted living program manager, has concluded her career at Orchard Woods Health Center today, May 14. Minerva Dougan, director of nursing, will end her services on May 19. Their impact on the residents and team members in our community extends far beyond what can be seen on paper. We express our sincerest gratitude to them for their invaluable contributions not only to this organization but to each resident they served during their years of service here.

This week we welcomed Kokouvi Addeh-Adodo, assistant director of nursing, from The Village at Rockville, to provide interim onsite clinical oversight in our health center. We gladly receive him with open arms and look forward to embracing his journey with us. He comes with an array of knowledge and expertise, which has proven valuable to our team so far.

The positivity rate for Frederick County decreased to 4.7 percent this week. Orchard Woods conducted this week's testing on May 3. We continue to closely monitor this trend and implement appropriate infection control measures accordingly.

The chart below provides more detailed information on the impact of COVID-19 in Orchard Woods and across campus.

	Skilled Rehab	Long-term Care	Memory Care
Resident active cases of COVID-19	0	0	0
Resident on-set symptoms pending COVID-19 test results	0	0	0
Active Independent Living COVID-19 resident cases	0		
Team member active cases of COVID-19 (across all services lines)	1		
Team member on-set symptoms pending COVID-19 test results quarantine required (across all services lines)	0		

As we continue our path forward, together, we can embrace the new opportunities this year may bring. Thank you for your continued faith and support in our efforts.
