

Date: September 2, 2021

To: Orchard Woods Health Center residents and team members

From: Melissa Sellers, Healthcare Administrator

Subject: Positive COVID-19 team member

**THE VILLAGE AT
ORCHARD RIDGE**

A National Lutheran Community

Following The Village at Orchard Ridge's health and safety practices for temperature and symptom screenings for team members, one Orchard Ridge team member and one agency CNA tested positive for COVID-19 earlier today, September 2, 2021. Out of an abundance of caution, all residents and team members in Orchard Woods have also been tested today. No additional team members or residents tested positive for the virus.

In consultation with Virginia Department of Health (VDH), we are required to suspend all in-person visitation, both indoor and outdoor, for Orchard Woods Health Center. During this time, we will have window visits and virtual visits available. These visits can be scheduled through ConnectedLiving coordinators Molly and Gretchen.

Gretchen Webster gwebster@thevillageatorchardridge.org
Assisted Living Memory Care

Molly Edmonston medmonston@thevillageatorchardridge.org
Long-term care and Skilled Rehabilitation

We will continue our routine testing for team members and residents. If there are no additional positive cases of COVID-19 in Orchard Woods over the next 14 days, we will be able to resume in-person visitation. Thank you for your understanding, continued partnership and confidence in The Village at Orchard Ridge as we navigate this path together.
