

**THE VILLAGE AT
ORCHARD RIDGE**
A National Lutheran Community

Date: September 13, 2021

To: Orchard Woods Health Center Residents, Family Members,
Team Members

From: Melissa Sellers, Healthcare Administrator

Subject: COVID-19 Positive Resident

At Orchard Woods Health Center, we continue to follow the current testing protocol guidance from the Virginia Department of Health (VDH) to test for COVID-19. During today's testing, one additional resident in the Assisted Living Memory Care (ALMC) neighborhood tested positive for COVID-19.

In total, we now have six positive residents in ALMC and one team member is still out after testing positive.

While we continue in outbreak status, we follow guidance from the VDH and the Virginia Department of Social Services. The Delta variant of COVID-19 is highly contagious, but we are grateful for vaccinations which are crucial in having fewer complications.

Virtual visits remain available during the time where we cannot offer in-person visitation. These visits can be scheduled through ConnectedLiving coordinators Molly and Gretchen.
