

**THE VILLAGE AT  
ORCHARD RIDGE**

A National Lutheran Community

Date: December 30, 2021

To: Orchard Woods Health Center residents and team members

From: Melissa Sellers, Healthcare Administrator

Subject: Positive COVID-19 positive cases in Orchard Woods

Following The Village at Orchard Ridge's health and safety practices for temperature and symptom screenings for team members, one Orchard Ridge contracted care partner tested positive for COVID-19 earlier today, December 30, 2021. Out of an abundance of caution, all residents and team members in Orchard Woods have also been tested today. As a result, one resident tested positive.

In consultation with Virginia Department of Health (VDH), we are able to continue all in-person visitation, both indoor and outdoor, for Orchard Woods Health Center. Please continue to follow infection control precautions by wearing your mask at all times while in the health center. Team members have upgraded to N95 masks and continue to take all necessary infection control measures to keep your loved ones safe.

Thank you for your continued understanding and partnership.
